Chapter 1: Introduction
1.1 Introduction
1.2 Definitions and Types of Contract Farming Schemes
  1.2.1 Contract Farming: Definitions
    1.2.1.1 Outgrower Schemes
    1.2.1.2 Nucleus Estate-Outgrower Schemes
    1.2.1.3 Multiparty Arrangements
    1.2.1.4 Future of Forward Market Contract for a Specific Product
    1.2.1.5 Contracts Differentially Allocating Production and market Risks
  1.2.2 Types of Contracts
    1.2.2.1 Market Specification Contracts
    1.2.2.2 Resource Providing Contracts
    1.2.2.3 Production management Contracts
1.3 Review of Literature
1.4 Origin, objectives, Actors and Constitution of the Contract
  1.4.1 Origins of the Contract Farming
  1.4.2 Stakeholders and their roles in Contract Farming Schemes
    1.4.2.1 Governments and State Agencies
    1.4.2.2 Private Contractors
    1.4.2.3 Farmers
    1.4.2.4 Foreign Aid Agencies
  1.4.3 The Contract and its Constituent Components
1.5 Contract Farming in India
  1.5.1 Evolution
  1.5.2 Contract Farming in India
1.6 Emerging Issues
1.7 Study Area
1.8 Objectives of the Study and Research Questions
1.9 Database
1.10 Framework of Analysis and Sampling Design
1.11 Sampling Scheme
1.12 Design of the Study

Chapter 2: Policy Backdrop: Evolution of Contract Farming in Punjab
2.1 Introduction
2.2 Emergence of New Developmental Agenda in Agriculture in Punjab
2.3 Contract Farming as the Crop Diversification Initiative
  2.3.1 Role of Government Institutions in Organisation and Evolution of Contract Farming
2.4 Modes of Intervention devised by PAFC
2.4.1 Intervention in Selection of Crops
2.4.2 Intervention in Price Fixation
2.4.3 Intervention in Distribution Chain Network

2.5 Credit Lending and Mechanisation efforts under Crop Diversification Programme

2.6 Conclusions

Chapter 3: Contract Farming: Changing Dynamics of Agro-Industrialisation

3.1 Introduction
3.2 Contract Farming Ventures in Punjab
   3.2.1 Contract Farming in Tomato by Pepsi Foods Ltd.
3.3 Emerging Companies in Contract Farming
3.4 Nature of Contract Farming Operations
   3.4.1 Reasons for Contract Farming
   3.4.2 Factors Affecting Spatial Spread of Contract Farming
   3.4.3 Criteria Adopted for Selection of the Farmers
3.5 Challenges faced in Contract Farming
   3.5.1 Challenges from the Government Pricing Policy
   3.5.2 Challenges from the Farmers
   3.5.3 Challenges from the Buyers
   3.5.4 Challenges from the Local Level Middlemen
   3.5.5 Problems in Selling High-Cost Seeds
3.6 Crop-wise Feasibility Differences for Contract Farming for the Firms
3.7 Conclusions

Chapter 4: Contract Farming and Emerging Agrarian Structure: Comparison of Contract and Non-Contract Farmers

4.1 Introduction
4.2 Selection of Villages
4.3 Characteristics of Contract farmers and Non-Contract Farmers
   4.3.1 Land Holding Pattern
   4.3.2 Caste
   4.3.3. Education
   4.3.4 Membership of a Decision Making Body
   4.4.1 Cropping Pattern
   4.4.2 Water Consumption
   4.4.3 Yield
4.5 Crop-wise Distribution of the Contract Farmers
   4.5.1 Dynamics of Basmati Contract Farming
   4.5.2 Dynamics of Sunflower Contract Farming
   4.5.3 Dynamics of Maize Contract Farming
   4.5.4 Dynamics of Hyola Contract Farming
4.6 Nature of Contract Farmers who have left Contract Farming
4.7 Nature of Contract Farmers who have shifted the crop under Contract Farming
4.8 Factors Affecting Farmers Motivation
4.9 Predicting Participation in Contract Farming
   4.9.1 Predictors
   4.9.2 Results of Logistic Regression
4.10 Conclusions

Chapter 5: Selection of Locations for Contract Farming:
A Village Level Analysis
5.1 Introduction
5.2 Contract Farming Efforts for Crop Diversification: The Jalandhar experience
   5.2.1 Spatial pattern of Contract Farming
5.3 Factors Effecting Diversification and Adoption of Contract Farming
   5.3.1. Role of Irrigation
   5.3.2 Role of Farm size
   5.3.3 Role of Infrastructural factors
   5.3.4 Role of Agronomic, Sociological and other factors
5.4 Logistic Regression
   5.4.1 Selection of Variables
   5.4.2 Determinants of Contract Farming and Crop Diversification
   5.4.3 Crop-wise Predictors
5.5 Crop Diversification trends: Changing Domination of Wheat and Paddy
5.6 Conclusions

Chapter 6: Summary and Conclusions
6.1 Summary
6.2 Conclusions
6.3 Policy Implications
