List of Tables

LIST OF TABLES

Table No. | Page No.
---|---

**Chapter –I**

Table 1  Recommendation of the Yashpal Committee report and the NCF 2000  | 20
Table 2  Approaches to intrinsic motivation and there primary proponents | 34
Table 3  Self-regulatory Process | 45
Table 4  Self-regulation Learning Strategies | 46

**Chapter –III**

Table 1  Symptom-wise items in the Stress Scale based on HSCL | 93

**Chapter –IV**

Table 1  Group Means and $SDs$ for All the Measures | 108
Table 2  Pooled Means and $SDs$ | 110
Table 3  Means and $SDs$ for Secondary and Higher Secondary Students from Govt. and Private Schools | 110
Table 4  Test of Significance of Mean Differences Between Grades IX and X | 111
Table 5  Test of Significance of Mean Differences Between Grades XI and XII | 112
Table 6  Correlation Amongst the Variables for the Sample (N=240) | 113
Table 7  2(Education) X 2(School Type) X 2(Gender) MANOVA | 113
Table 8  2(Education) X 2(School Type) X 2(Gender) ANOVA for Stress | 114
Table 9  2(Education) X 2(School Type) X 2(Gender) ANOVA for SRQ-A | 115
Table 10  2(Education) X 2(School Type) X 2(Gender) ANOVA for CAFS | 115
Table 11  2(Education) X 2(School Type) X 2(Gender) ANOVA for LCQ | 116
Table 12  2(Education) X 2(School Type) X 2(Gender) ANOVA for Self-Esteem | 116
Table 13  Stepwise Multiple Regression with Stress as Dependent Variable (N=240) | 117
List of Tables

Table 14 ANOVA for Stepwise Multiple Regression. 117
Table 15 Coefficients of Predictors for Stress 118
Table 16 Cluster Formation by Ward Method 120
Table 17 Mean and Standard Deviation in the Stress Levels of the Three Clusters 121
Table 18 Cluster Means and SDs on Stress and Other Variables 121
Table 19 Multivariate Analysis for Three Clusters Calculated by Four Different Methods 122
Table 20 Significance of Differences Between the Three Clusters on the Scales 124
Table 21 Tests of Equality of Group Means 126
Table 22 Three Cluster Covariance Matrices 126
Table 23 Total Covariance of the Five Variables 127
Table 24 Eigen Values for the Two Discriminant Functions 128
Table 25 Wilks' Lambda 128
Table 26 Structure Matrix of the Five Scales and Two Functions, the Significant Contributors to the two Discriminant Functions. Standardized Canonical Discriminant Function Coefficients 129
Table 27 Canonical Discriminate Function Coefficients 129
Table 28 Functions at Group Centroids 130
Table 29 The Classification of Group Membership by Discriminant Functions and the Three Clusters 131
Table 30 Ten Cases with Highest Stress in the Sample 133
Table 31 Ten Cases of Lowest Stress in the Sample 134
Table 32 Frequency Table for Content Analysis of Four Cases with High Stress 137
Table 33 Frequency Table for Content Analysis of Our Cases with Low Stress 137
