Acknowledgements

For mostly, my vocabulary and literacy commands falls short of adequate words to commensurate with the feelings of the indebtedness to Almighty the most gracious and merciful. It seems impossible to thank all the people who in one or other way have contributed to the compilation of this work. During the course of my research I am highly thankful to many persons both within the university and outside of this university without whom this work would not have been possible and complete.

I express my gratefulness from the bottom of my heart to my supervisor Dr. Jagbir Singh, Department of Zoology & Environmental Sciences, Punjabi University, Patiala for his constant encouragement, remarkable guidance and enthusiastic discussions. His versatile personality, which stimulates students thinking, is an underlying factor, which is part of my memory for ever. I feel proud to be associated with him. I am highly indebted to my dear sir, for being kind, supportive and giving me ample freedom to carry out my work.

I would also like to show my gratitude to my Co-supervisor, Dr. Zakir Husain Khan, Associate Professor, Division of Entomology, SKUAST-K, Srinagar for able guidance and useful suggestions, which helped me completing this stupendous job in time.

I express my sincere thanks to Head, Department of Zoology & Environmental Sciences, Punjabi University, Patiala and Head, Department of Entomology, Sher-e Kashmir University of Agricultural Sciences and Technology, Shalimar Srinagar, for providing me with all the necessary facilities and guidance required from time to time. My thanks are also to all the teaching and non teaching members of these departments for the time to time help during the entire course and research work.

I extend my sincere thanks to Dr. Laszlo Ronkay HNHM, Hungary and Dr. Oleg Pekarsky, Hungary for confirmation of insect identification. Help extended by National and International entomologists in identifying the specimens and providing some literature is highly appreciated.
My cordial thanks are to Dr. V.V. Ramamurthy, Principal Scientist, Division of Entomology, IARI, New Delhi for his help in motivation to pursue Ph. D. Financial assistance rendered by ICAR, Govt. of India, New Delhi under Network Project on Insect Biosystematics is gratefully acknowledged, without which the study would not have been possible.

I am highly thankful to my lab-mates for providing me help during the research work. Identical thoughts arise in my heart for my special, cherished and valued friends and colleagues Shahid Ali, Dr. Rifat Hussain Raina, Javaid Ahmad Itoo, Tariq Ahmad, Gh. Mohuddin, Nighat Ayoub, Mushtaq Ahmad, Aabhinow, Herkawal Singh, for their cooperation during every moment with so many ups and downs.

Finally, yet importantly, I would like to express my heartfelt thanks to my family members particularly my beloved mother Mrs. Raja Bano, father Ghulam Ahmad Dar, my brothers Muzamil Ahmad, Mubashir, sister Ulfat Jan & brother-in-law Dr. Gh. Mohuddin Rather for their selfless sacrificial life and their great efforts with pain and tears and unceasing prayers has helped me to reach the present position in life.

I am extremely thankful to all those who supported me with love and affection during the course of present study. Anyone missed in this acknowledgement are also thanked.

Mudasir Ahmad Dar
