ACKNOWLEDGEMENT

Acknowledgement giving is the noblest of all sentiments. Though written in the end, it always appears in the beginning. It is only at the end of the task that one really realizes all the well wishers and benefactors who helped at every stage. It is on such an occasion of significance, as today, in the life of research scholar, which one looks back along the alley of time passed, one recalls with gratitude and veneration so many persons at whose feet one had the privilege of learning.

I wish to place on record first and foremost heartiest deep sense of gratitude to my most respected supervisor Dr. Ram Avatar Sharma, Associate Professor, Department of Botany, University of Rajasthan, Jaipur, for his scholarly and tireless guidance, constant inspiration and encouragement. His vibrant intellect and passion for knowledge were important source of motivation for me in this research work. He has helped me to become a better critical researcher. I thank him, especially to assume me that it’s always good to keep one eye on what you are doing and the other eye on what you wish to do next.

I am very much thankful to Professor K.P. Sharma, Head, Department of Botany, University of Rajasthan, Jaipur, for giving valuable suggestions and providing necessary facilities during the research work.

With elevated spirit, I am immensely thankful to my respected teachers Dr. G.P. Singh, Dr. Vidy Patni, Dr. Payal Lodha, Dr. Shikha Roy, Dr. Sumita Kachhawa, Dr. Rekha Vijayvergiya and Dr. D. V. Rao, in the department for providing important suggestions enabling me to complete this research work.

I handover my kind thanks to the official and researchers of the Advance Research Centre, J.N.U. New Delhi. For allowing to get GC-MS facilities for identifying the compounds present in the plants.

Here I would like to thanks Dr. Manas Mathur and Dr. Ajit Kumar of Seminal Applied Sciences for providing lab facilities for antimicrobial activity work in the research work.
I am really fortunate to associated with my lab mate and true friend, Ankita Yadav for her round the clock support, any kind of help and accompanying me during the course of research work.

I am also thankful to my lab mates Mrs. Renu Singh, Dr. Sujata Mathur, Dr. Payal Chandrawat, Ms. Aruna, Mr. Govind Vyas, Mr. Suresh Sharma, Mr. Gopal Sharma, Mr. Dinesh Kumawat, for their cooperation help and valuable time given for my work.

I am also grateful to my friends Dr. Rekha Sharma, Ms. Yashmin Akhtar, Ms. Swati Vyas, who have been supportive and motivating during the course of my research work.

I would not either forget to quote the names of my family members. With esteem regards and veneration, I deliver my thanks to my most beloved parents Mr. Dilip Sharma, and Mrs. Raksha Sharma. My in-laws Dr. N. K. Sharma and Dr. Amita Sharma for their immortal endurance and encouragement throughout the research work. I am thankful to my sister, Swapnil Bhardwaj, brother Harshwardhan Bhardwaj, sister-in-law, Bhavya Sharma for their kind motivation and encouragement to complete the research work.

Words would not be enough to extend my thanks from core of my heart to my dearest husband Mr. Manu Tiwari, who always believed in me with faith that I would achieve the ambition of my life. This achievement is all due to his kind support during the research work.

Lastly, I am thankful to all those helped me during the research work.

A word of special thanks to Titu Thesis Centre, Jaipur for efficiently completing the laser printing of the manuscript with accuracy and impressively.
