ACKNOWLEDGEMENTS

The author would like to express his deep sense of gratitude and indebtedness to Professor I.C. Pande, ex-Director, Centre of Advanced Study in Geology, Panjab University, Chandigarh, for suggesting the project under study. He is all the praise for his invaluable guidance and constructive criticism throughout the course of the entire work.

The author further takes this opportunity of expressing his sincere gratefulness and thanks to Professor B.S. Tewari, Director, Centre of Advanced Study in Geology, Panjab University, Chandigarh, for providing necessary facilities connected with the project.

The writer would also like to extend his sincere thanks to Dr. P.K. Mehta for going through the manuscript and for giving valuable suggestions from time to time. Sincere thanks are due to Dr. A.K. Prasad for going through the chapters dealing with Petrochemistry and Petrogenesis.

The author feels grateful to Dr. Anna Hietanen, U.S. Geological Survey, California for the invaluable suggestions regarding the genesis of tonalite. He equally feels thankful to Dr. P.C. Dixit and Dr. G. Mahajan for introducing the author the field area.

The author is also very thankful to the Ministry of Defence, Government of India for granting permission to investigate the area. He also wishes to acknowledge with thanks the help and co-operation received from the Defence Personnel during the field investigations.

Heartily thanks are also due to M/S G.D. Sharma, H.S. Walia and Nanak Singh for their timely help and co-operation they extended to the author in one way or the other.

Last but not least, the author acknowledges with thanks the financial assistance made available to him by the Panjab University, Chandigarh and the Centre of Advanced Study in Geology, Panjab University, Chandigarh.
