Methods & Data Collection

PARTICIPANTS

44 students of class XI and XII participated in the survey

RESEARCH METHOD

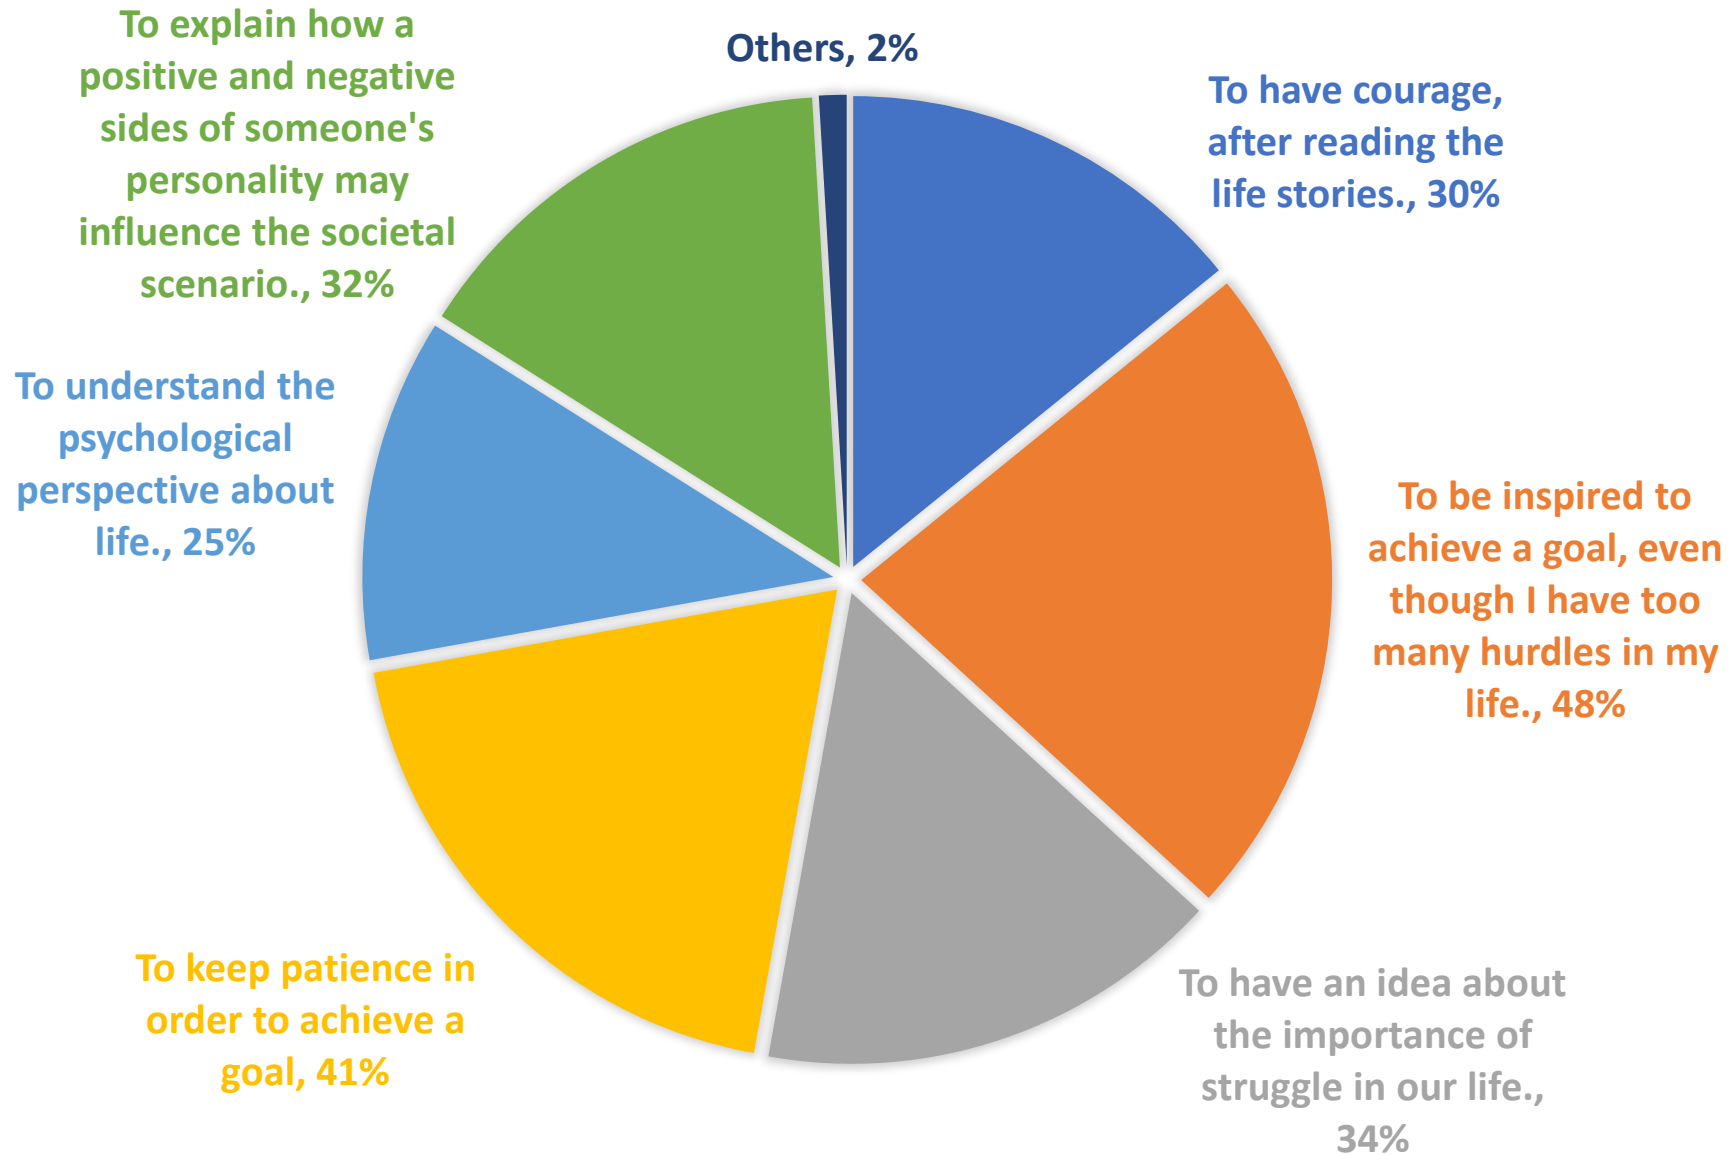

Semi-structured questionnaire

INFERENCES

Data obtained and presented in tabular form and inferences are also drawn

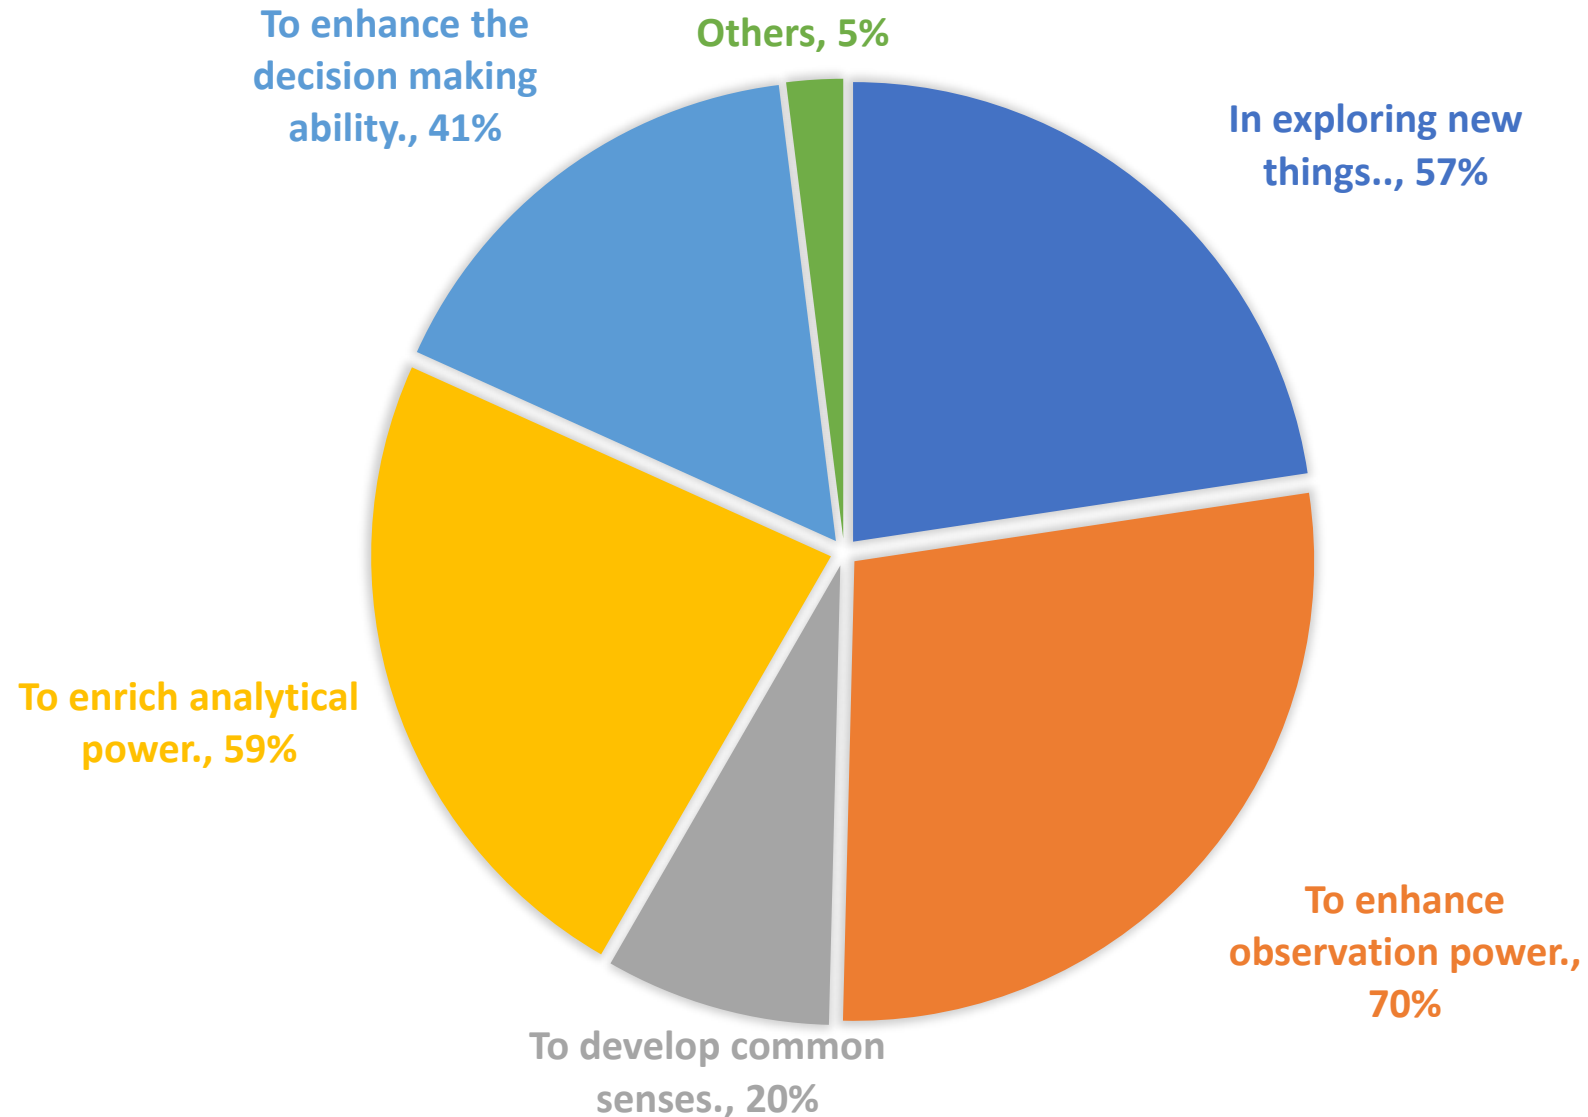

THE EFFECT OF BIOGRAPHY BOOKS

a school library, moulding young minds and providing responsible citizens to the society: a case study

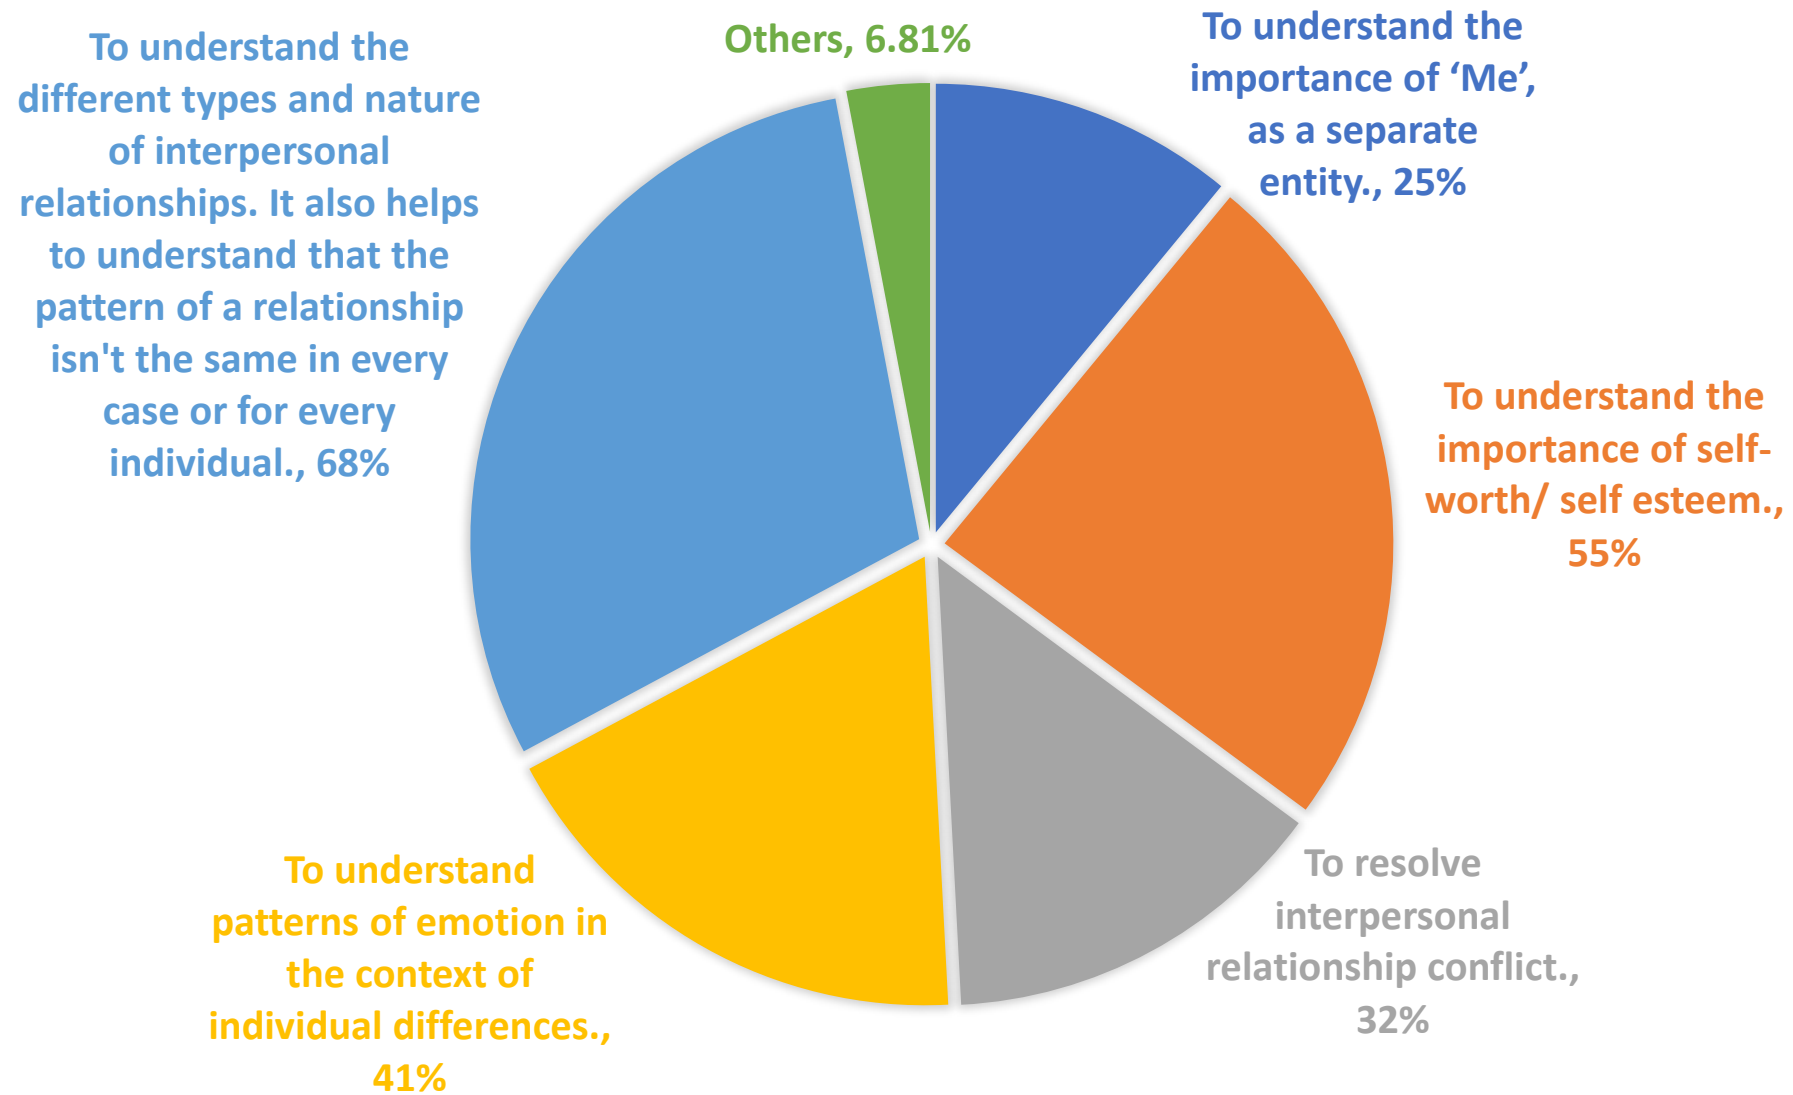

THE EFFECT OF ADVENTURE/ DETECTIVE BOOKS

a school library, moulding young minds and providing responsible citizens to the society: a case study

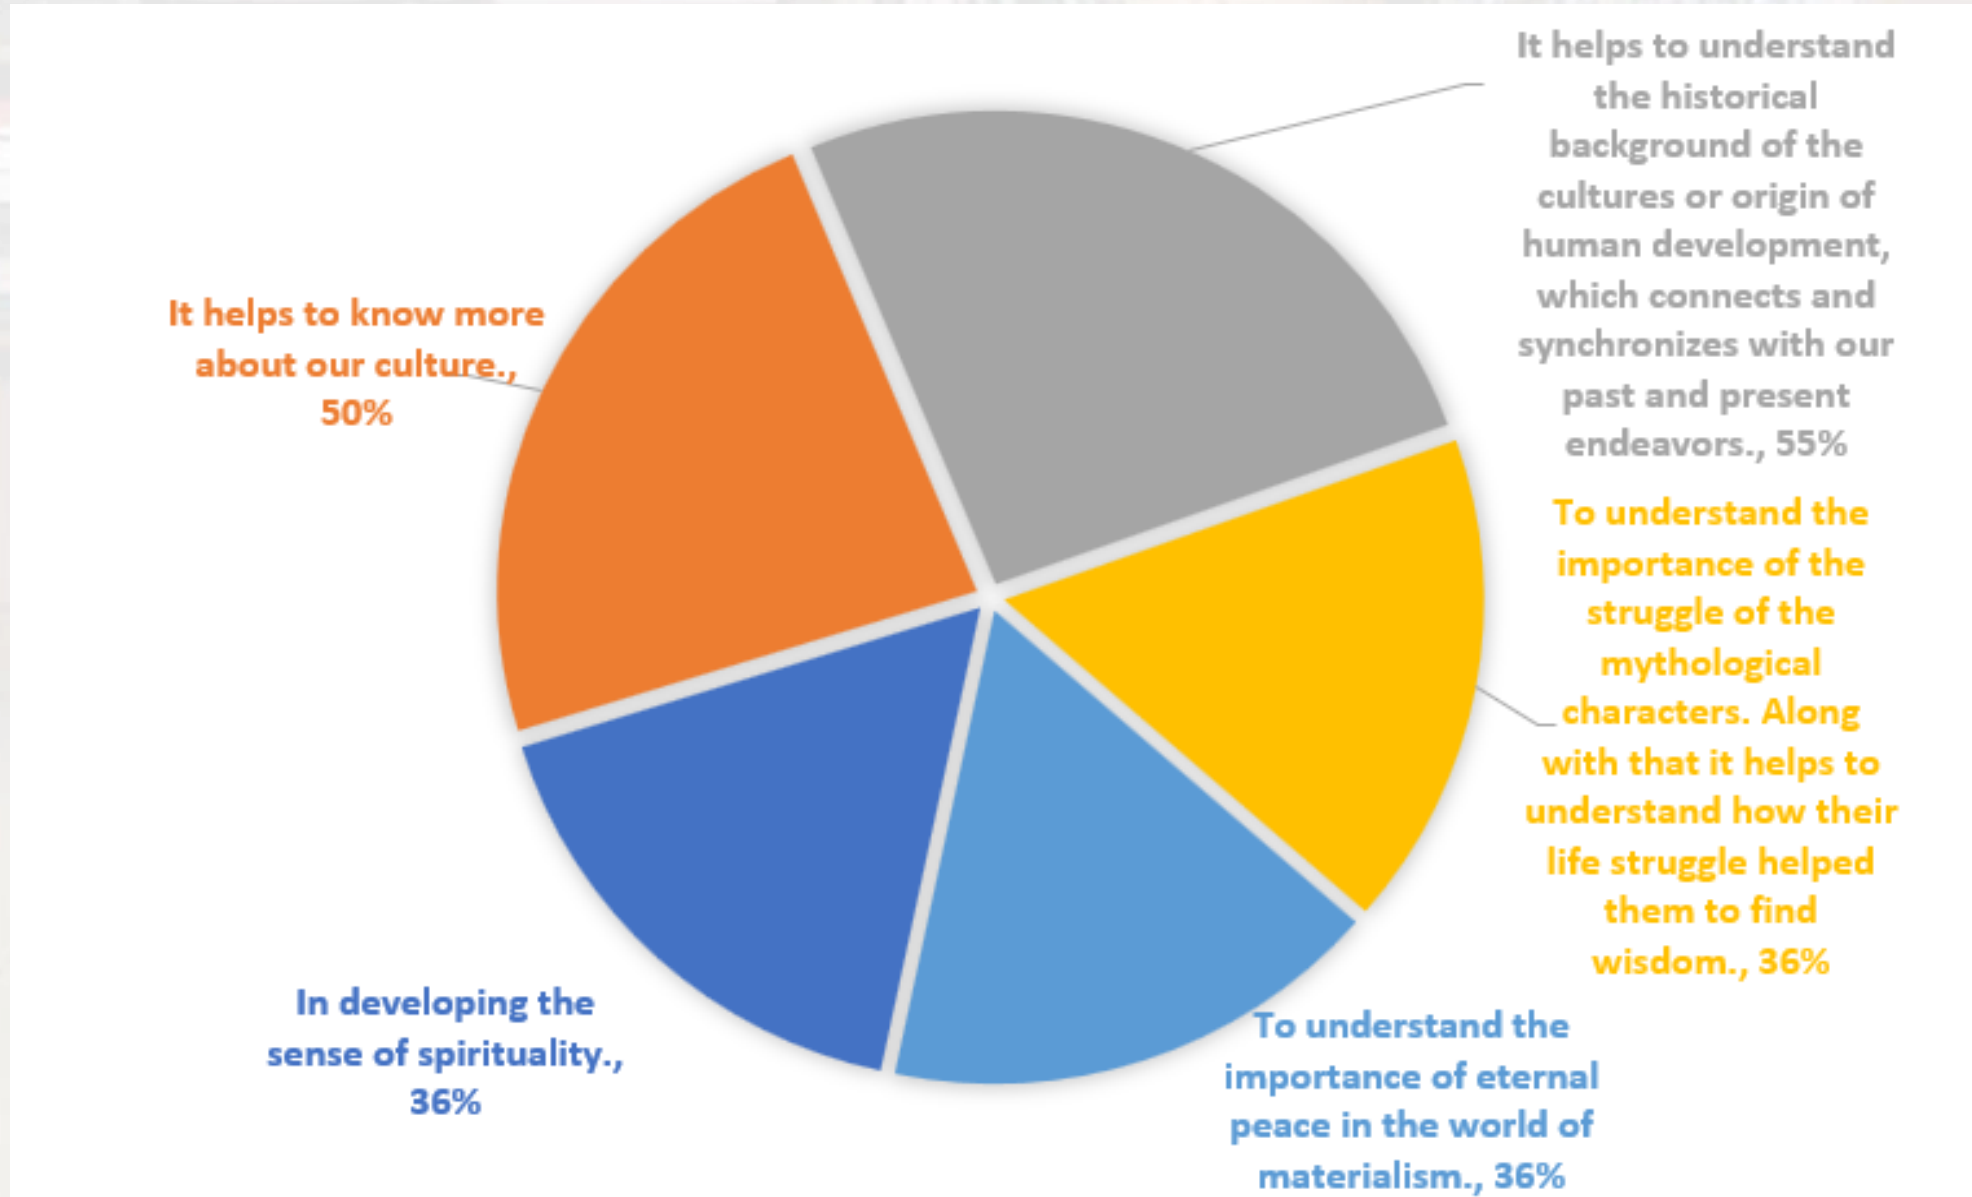

THE EFFECT OF ROMANTIC FICTIONAL BOOKS

a school library, moulding young minds and providing responsible citizens to the society: a case study

THE EFFECT OF MYTHOLOGICAL BOOKS

Data Presentation / Findings

MEAN PERCENTAGES OF THE RESPONSES OF FOUR TYPES OF BOOKS

35%

Biographical books

49.4%

Adventure/
detective books

44.2%

Romantic fictions

42.6%

Mythological books

Conclusion

It is seen that all four types of books are affecting different domains of characters of the adolescents.

Serious measures should be taken to develop reading habits of the students.

- Dramas written by eminent writers may be staged during the cultural programmes of the school.
- Directing the students to write book review and reading out the best one also helps.
- Online mode may also be taken to popularise the books.

a school library, moulding young minds and providing responsible citizens to the society: a case study

THANK YOU!
